Partner marketing leader with 10+ years building co-marketing and demand generation in B2B SaaS. At Zendesk I sit in Global Demand Gen and own partner marketing for the AWS strategic partnership. I manage the AWS Marketing Development Funds (MDF) budget aligned to Zendesk's AWS competencies and Strategic Collaboration Agreements (SCAs). My focus is creating demand through AWS Marketplace, ACE CoSell (AWS co-sell), AWS CoMarketing, field activations, customer proof, and enablement. Recent results include \$810K+ in influenced pipeline in one quarter (77% new business, EMEA and APAC), \$1.3M Stage 2 this fiscal year to-date, an AWS SMB Sales Play Pilot (\$223K new-business pipeline, 6 sales opportunities), and 19 public AWS customer stories against a goal of 12.
